

THE EASTPORT

Starting at \$425,400

The main floor features a master bedroom, a centrally located great room that opens onto the morning room, and a front den that can be used as a living room or formal dining room. The three upper bedrooms create a separate children's realm, complete with a computer loft. The two story foyer and great room present a grand entrance to the house. The 2nd floor option adds a children's play area or game room above the great room.
